

Welcome To Kinder House Day Care!

Kinder House is a small, family oriented center providing care for children **12 months to 6 years of age**. We are located in a residential neighbourhood, across the street from a park (we also have our own playground) and within walking distance to many schools.

We are an Accredited Facility, meaning our Center has been recognized for providing high quality child care and higher standards of practice. We provide a Learning Through Play program that focuses on all areas of child development; social, emotional, intellectual, physical, and creative. We encourage children to grow in self-respect, self-control, responsibility, and independence through caring and nurturing interactions, positive guidance and role modeling.

Kinder House Day Care has been in operation for more than 35 years. In 2018, the center's Owner/Program Director is celebrating her 27th year at the center. She has a **Diploma in Early Childhood Education** and has owned Kinder House for 13 years. The center has many long term staff as well:

- **The Assistant Program Director** has a Diploma in Early Learning and Child Care and has been with Kinder House for nearly 8 years.
- Our **Preschool Room Supervisor** has a Child Development Supervisor Certificate, has completed the Bachelor of Science Education (Philippines) and has been employed with us for nearly 5 years.
- Our **Preschool Room Assistant** has a Child Development Assistant Certificate. She is currently working toward an Early Learning and Child Care Certificate and has been employed with us for nearly 4 years.
- Our **Toddler Room Supervisor** has a Child Development Assistant Certificate, has completed 3 years of Bachelor of Elementary Education (Philippines) and has been employed with Kinder House for 3 years.
- Our **Toddler Room Assistant** currently has a Child Development Assistant Certificate, has completed Bachelor of Early Childhood Education (Columbia), and volunteered with our center for 1 year before becoming a full-time staff 5 months ago. She is currently working on the Canadian Language Benchmark to achieve Child Development Supervisor Status.
- Our **Center Float Staff** has a Child Development Assistant Certificate and has been employed with Kinder House for 5 months.

At Kinder House Day Care, it is our belief that it takes a whole community to raise a child. We work cohesively with Parents, Early Intervention Programs, and other community and social service agencies to support children and their families. We have an **Open Door Policy meaning** Parents and families are welcome to stop by anytime, maybe have some lunch, read a story, bake some muffins or cookies or even just to say hello!
