

Kinder House Day Care

FOIP Policy

Kinder House regularly takes pictures of the children for crafts, accreditation evidence, field trips, portfolios, and our web site. If you do not wish for your child to take part in these pictures (to appear anywhere or be published), please indicate this on your child's registration form - on the **Informed Consent Form** and make sure your Teacher is aware.

All information that is provided on your child's registration form and during your enrollment at Kinder House will be considered confidential. Staff will, at all times, respect confidentiality of families. This information will only be shared in accordance with Day Care Licensing Regulations and Accreditation Policies.

Day Care Licensing Inspection Visits / Monitoring

Kinder House is visited on a regular basis by Alberta Children and Youth Services Licensing Officers. These visits are unannounced and a **Day Care Inspection Checklist** is filled out by the attending Licensing Officer. These checklists/reports are posted on our Parent Bulletin Board for anyone to browse.
