

Community Resources at Kinder House Day Care

At Kinder House Day Care, we work cohesively with a number of Community Agencies to ensure our children and their families receive the support they need in order to achieve success. Many of these agencies are invited into our Center to provide on-site workshops for families or simply to enhance our program as on-site field trips for our children. We also have access to a number of Early Education Programs that offer Speech and Language Therapy, Occupational Therapy, Physical Therapy, Behavior Specialists, Family School Liaison Workers, Fine Art Specialists and Early Learning Consultants. At Kinder House, we also have access to various forms of financial support as well. Resources that are utilized and can be accessed by our Center are listed below:

Resources For Child Development

- 100 Voices Early Education Program
- Mayfield Early Education Program
- Elves Special Needs Society
- G.R.I.T
- Community Options
- Ages and Stages Child Development Questionnaire

Resources For Children and Families

- Alberta Health Services
- West Edmonton Parent Link
- Edmonton Public Library
- The Support Network – Connects Families to the wide range of social, government and health services in their community
- Supported Child Care – Alberta Human Services
- Child Care Subsidy – Alberta Human Services
- 211 Resource Lists
- Alberta Human Services Family Resource Fact Sheets
